

Great Plains Native Grass Drill

- Great Plains 15' 3-Point Mounted Native Grass (No- Till) Drill (Center Pivot Hitch (cph) is attached)
 - The 3PNG15 is a 15' model that combines the 00-Series Opener with a proven native grass attachment. This model comes standard with a 2-bushel-per-foot fluted seed box and a 1-cu/ft-per-foot native grass box.
 - Agitators and picker-type wheels help pull native grasses into the seed tube.
